Dynabondpowertech.com newsletter

Dynabond offers the only newsletter focused on the Chinese nuclear power market.

1. Topic of the Month

Dynabondpowertech.com issues researches on specific topics such as “China first heavy industries”, “Introduction to CAP 1400”, “Taohuajiang Nuclear Power Plant”...

2. Scientific article *(in cooperation with China Nuclear Power)*

Dynabondpowertech.com publishes domestic and public articles such as “Status and Future of China’s “ and “Front-End Nuclear Fuel Cycle Industry”....

Dynabondpowertech.com newsletter

3. New events

(in cooperation with China Nuclear Society)

Dynabondpowertech.com issues an agenda of the major nuclear events gathering domestic and international scientists.

4. Key market information

Dynabondpowertech.com selects the most significant nuclear news of the month.

These news enable our subscribers to have an overview of the Chinese nuclear market.

The screenshot shows the Dynabondpowertech.com newsletter interface. At the top right, there is a logo for the Chinese Nuclear Society (CNS) with the text "中国核学会" and "Chinese Nuclear Society". Below it, there are two main sections: "Events" and "Nuclear News".
Events: A link to "Read More" about the CNSM 2010 Conference, which will be held from August 29 to September 3, 2010, at the Shio Inn Convention Center in Xianyang, Shaanxi, China. The conference is described as a forum for the discussion of the social, regulatory, scientific, and technical aspects of decommissioning, decommissioning, and revitalization, and waste management.
Nuclear News: A link to "Read More" about a takeover bid for Canada-based Mongolian uranium developer Khan Resources by Chinese company CINV Overseas Uranium Holdings Ltd. It mentions that the bid has failed to receive the necessary approvals from the Chinese government. There are several other news items listed below, each with a date and a brief description.
On the right side of the newsletter, there is a vertical sidebar with the text "Choose certainty. Add value." above the LS Air-Conditioning Division logo, which includes the text "LS Air Conditioning System (Shanghai) Co., Ltd." and the website "www.ls-air.com".
A large red arrow points from the "3. New events" section of the text to the "Events" section on the website. Another red arrow points from the "4. Key market information" section of the text to the "Nuclear News" section on the website.
